Sir,

COMMUNITY PROJECT--South Kanara--Project Executive Officer's Office at Mangalore--Providing Telephone Connection--Orders--Requested.

--

There is at present no Telephone facility for the Project Executive Officer's Office at Mangalore. Though the provision of Telephone for the office was suggested repeatedly by some members at the Project Executive Committee meetings, the matter was not taken up as the provision of a phone was not felt as one of urgent necessity. But, now the Community Project work is in full swing and consultation and correspondence with other offices in the town have increased to such an extent that the need for a phone in the office is keenly felt. Certain matters which call for urgent action and which necessitate consultation with other officers who are provided with telephone sets, have to be settled by talking on the phone, to avoid delay. It is considered that the providing of a telephone for the Project Executive Officer's Office and the office of the Spl. Divisional Engineer (C.P.) will considerably help accelerating progress of expenditure of Community Project Funds.-

At the meeting of the Sub Committee held on 14--1--1955, it was decided to address Government in the matter.

I, therefore request that urgent orders may be issued sanctioning Telephone connection to the Project Executive Officer's Office and the Office of the Spl. Divisional Engineer(C.P.) at Mangalore.

Yours faithfully,

Project Executive Officer. 20/1
